This has been an interesting project for me to work on, Felicity came up with the idea. I only did the editing. This has been a intense learning curve for me. Looking up the tutorials trying to solve the problems working with Publisher on how to place multiple pictures in a file neatly. I then could easily make changes when new pictures arrived. So to finish this off with a mini flourish please try and see how many of the languages below you can get without, resorting to Google.

The End.	na ivakataotioti.
Das Ende.	Крaј.
La Fin...	Koniec.
Fin.	Tamat.
Het einde.	Y diwedd.
Deireadh.	Mwisho.
Fim.	КОНЕЦ.
